PUBLIC SAFETY TIPS

March is PPE & Fall/Hazard Safety month! Since spring is here, and the outdoors are getting warmer by the day, more people are outside. Outdoor activities and outdoor work is increasing, thus there are certain safety tips to discuss.

Fall Protection

Falls are the common cause of workplace injuries. Also, this happens a lot even doing outdoor home maintenance like cleaning gutters, or washing off the pollen off your home's side panels. The emphasis is on identifying fall hazards and ensuring proper use of fall protection equipment. Here are some things to consider:

- Have someone hold the ladder you are using
- Watch your step! Keep an eye on tripping hazards around you like wires, hoses, and more!
- Observe the area you will be working in to spot all fall hazards and keep them in mind while you work

Hazard Communication and Personal Protective Equipment (PPE)

Workplace safety programs only work when employees know where the hazards are. Communicating the location of those safety hazards (through the use of signs, labels, symbols and other identifying markers) can help employers steer clear of hazards and stay safe.

There are other proactive steps employers can take before hazard signage is even needed. Personal Protective Equipment (PPE) (like gloves and masks) should be readily available and selected based on the workplace's specific job functions and hazards.

ALWAYS REMEMBER

If you *See Something, Say Something*. Tell a first responder. Call 911 or call the non-emergency number at **843-743-7200**. **IMPORTANT:** Teach your child how to call 911 in case of an emergency.

See a Deputy or First Responder, Give Them Your Thanks

All first responders work and live in our communities. When you see one of us (Sheriff, Police, Fire, EMS, etc.), walk up and say thank you, or good morning/afternoon. It will always brighten our day while we provide you "Service Beyond the Call".

HOW TO IMPROVE YOUR COMMUNITY

Be the change you want to see in your community. Making a positive change always starts with you! Engage with you neighbors, be active in your community and cooperate with your local law enforcement. Research any local events and participate in them. There are so many ways you can create a positive impact.
