PUBLIC SAFETY TIPS

- **PRACTICE SUMMER HEAT SAFETY**
  o Never leave infant or young child alone in a closed car, EVER. Especially in the summer. Closed cars heats up as much as 20 degrees in 10 minutes!
  o Keep Kids Hydrated
  o Monitor Seniors' Medications – older people or people with heart conditions, diabetes and other health issues need to be extra careful about the heat
- **STAY SAFE AROUND WATER**
  o Never let a child near water unattended
  o Always wear a life jacket in a boat
- **PROTECT YOUR SKIN AGAINST SUNBURN**
  o Put on sunscreen every hour or two due to sweat and water washing it away. Sunburns makes you more vulnerable to skin cancer later on in life. A typical sunburn is a first-degree burn, and if it blisters, it is a second-degree burn.
  o To treat sunburns, wait for the sunburn to heal and avoid a second burn. Use moisturizers with or without aloe vera to sooth the burn. Avoid crems with topical antihistamines since they may lead to an allergic reaction to the patient

ALWAYS REMEMBER

If you *See Something*, *Say Something*. Tell a first responder. Call 911 or call the non-emergency number at 843-743-7200. IMPORTANT: Teach your child how to call 911 in case of an emergency.
