PUBLIC SAFETY TIPS

June is big on workplace safety to prevent slips and so is the Charleston County Sheriff’s Office!

Summertime may have arrived, meaning schools are on break and traffic may have died down, but employees are still rushing between meetings while constantly checking their cellphones for messages from colleagues and families without paying attending to their surroundings while walking.

Don’t walk while Distracted! Tell your employees to put their phones away and where they are going. If you see a co-worker walking distracted, speak up—even if it feels awkward.

Never walk around with open drink containers which can result in spilled liquids. Put and keep lids on all beverage containers to prevent spills and slips.

Keep all offices tidy. Close cabinet and desk drawers when they’re not in use and keep the floor ad aisles clear of clutter.

Everyone should always use handrails when walking up or down stairs. If you need to carry a load, take the elevator or ask for assistance.

Make it well known that employees should report slip, trip and fall hazards to their supervisor or safety committee.

Taking these small actions could be an important large step in preventing potential injury from trips, slips, and falls.

ALWAYS REMEMBER

If you See Something, Say Something. Tell a first responder. Call 911 or call the non-emergency number at 843-743-7200. IMPORTANT: Teach your child how to call 911 in case of an emergency.
