Date: July 12th, 2023

Prepared by: Katharine E. Watkins
Assistant Town Administrator
TO: Planning Commission Members
FROM: Tyler Newman, Zoning Administrator
SUBJECT: Temporary Use Permit: Camp St. Christopher Temporary Kitchen & Freezer

MEETING DATE: August 9, 2023

The Planning Commission is asked to review a temporary use permit request from St. Christopher Camp & Conference Center to place a 46' x 8.5' temporary kitchen trailer and a 40' x 8' temporary freezer trailer on site while the existing kitchen building is under repair from fire damage that occurred on December 17, 2021. The temporary kitchen trailer will be located at the Camp St. Christopher property located at 4552 St. Christopher Lane.

These structures were previously reviewed/approved by the Planning Commission on January 6, 2022, at a special called meeting. That approval was for a period of 90 days and since that time the Applicants have been receiving 60-day extensions from the Zoning Administrator.

In their narrative, the Applicant states that after reviewing the insurance offer related to the fire, local ordinances, and FEMA flood regulations it has become apparent that a rebuild of the kitchen building that costs over 49% of the value of the existing structure would require the building to be elevated above the flood plain. The Applicants are currently in cost analysis with the insurance company, and there has not been a clear agreement about the cost of the reconstruction. As a result of this the Applicants are at a standstill in their efforts to repair or rebuild the kitchen building.

The applicant has requested that the temporary use permit be granted for a period of ninety (90) days. A copy of the applicant's application materials and the previously approved site plan are included for review.

**Staff Recommendation**

Staff recommends in favor of **APPROVAL** of the request, with the following condition:

- The Applicant may request no more than two (2) 60-day extensions from the Zoning Administrator

Respectfully submitted,

Tyler Newman
Zoning Administrator

OFFICE USE ONLY

| Date Received | Status | Permit # | Issue Date |
Dear members of the Seabrook Island Town Council,

Please find a narrative below prepared by Simons Young, Principal Architect engaged by St. Christopher. After consultation with Tyler Newman, we revised our request to a ninety day permit rather than a sixty day permit. The change has been noted in red below.

My firm became involved in the dining hall review work in early 2023 when the Episcopal Church obtained ownership of the property. At that time the previous owner had made an insurance claim for the dining hall that burned on December 17, 2021. When my firm reviewed the insurance offer and local ordinance and FEMA regulations, it became apparent that a rebuild that costs over 49% of the value of the existing structure would require for the building to be elevated above the flood plain. We are currently in cost analysis with the insurance company, and there has not been a clear agreement about the cost of the reconstruction. As a result repair or rebuild documents for the building cannot be completed. The Episcopal Diocese has worked to obtain true cost estimates from a local construction company.

During this phase of discovery and cost estimating, Camp St. Christopher has worked to establish a temporary dining hall in an existing multi-use building. This has a temporary kitchen and a temporary freezer installed in the locations noted in red on the attached survey. This request is to extend the permits for ninety days past August 9 (until November 7, 2023), in order to support the mission of the conference center and camp at St. Christopher. Parking will not be affected.

Thank you for your gracious consideration of this permit application. St. Christopher is committed to working assiduously to resolve our dining hall situation, and our staff and guests are grateful for your assistance during this time. I am happy to answer further questions if any arise.

Sincerely,

The applicant is seeking to rezone the property from the Moderate Lot Single-Family (R-SF2) District to the Conservation (CP) District.

The property, which is currently vacant, is surrounded on two sides by parcels zoned Moderate Lot Single-Family (R-SF2). The rear of the property backs up to a lagoon, which contributes to its value as a conservation lot.

Subject to rezoning approval, this property is intended to remain as an undeveloped “open space” lot. Uses permitted within the CP district are limited to the following:

(a) Accessory Uses & Structures  
(b) Bulkhead and erosion control devices  
(c) Community Gardens  
(d) Open space preserves such as wetlands and wildlife habitat refuge areas

(f) Open-air recreation uses (CONDITIONAL)  
(g) Utility substation or sub installation (CONDITIONAL)  
(h) Wireless communication antennas or towers (CONDITIONAL)

Pursuant to Development Standards Ordinance § 19.3, in considering amendments to the official zoning map, the Planning Commission shall consider each of the seventeen criteria outlined in § 19.3.B. Attached to this memo you will find the applicant’s narrative that address each of the criteria in § 19.3.B.

A copy of the draft rezoning ordinance is attached for review.
Staff Recommendation
