

Town of Seabrook Island
Public Safety Committee
Meeting Minutes
13 August 2018

The Public Safety Committee met Monday, 13 August 2018 beginning shortly after 10:00 am at the Property Owners Association Lake House. Committee Chair John Gregg was joined by Committee members Ed Maher and Rob Savin. An agenda for the meeting is attached.

1. Minutes of 9 July Meeting

Minutes of the Committee meeting of 9 July were approved without revision.

2. Communication of SIUC Alerts

The Committee considered an inquiry from Councilman Crane regarding communication of messages from the Utility Commission concerning their services and advising of service impacts other than under emergency conditions. The Committee concluded that such information should be disseminated through the Property Owners Association "blog" (TIDELINES), via Property Owners Association "eBlast(s)", via CodeRed and via text messaging to Disaster Recovery Council organizations.

3. Earthquake Plan Review and Revision

- a) The Committee considered a draft emergency preparedness guide for residential propane systems that had been distributed to members prior to the meeting. Suggestions for changes to the draft were noted by Mr. Gregg who indicated a revision would be circulated to Committee members for review and comment.
- b) The Committee discussed supplementation of Appendix 16 of the Town's Comprehensive Emergency Plan with resources of Disaster Recovery Council member organizations that would be suitable to mark and/or cordon off hazards within the community, such as road hazards that might not be readily seen before a vehicle would encounter the hazard, e.g., sink holes.
- c) The Committee considered emergency response plans to be developed to improve earthquake emergency response:
 - 1) Transport of Town staff to Town under conditions where overland travel by passenger vehicles is precluded;
 - 2) Evacuation plan where overland travel by passenger vehicles is precluded;
 - 3) Plan to establish multiple locations for shelter, basic medical care and rest for relief workers and to supply each location as appropriate with water, food, medical supplies and other needs.

4. Next Meeting

The next meeting of the Committee was scheduled for Monday, 10 September 2018.

5. Adjourn

The meeting was adjourned at about 11:45 am.
