The Towns of Seabrook Island and Kiawah Island will co-host a “Meet the Candidates” event for the two candidates for the Charleston County Council District 9 Republi- can Primary, Joe Qualey and Jenny Costa Honeycutt. The event will take place on Wednesday, May 30th, from 1:00 PM to 3:00 PM, at the Kiawah Island Municipal Center (4475 Betsy Kerrison Parkway).

During the Q&A session, Mayor Ron Ciancio of Seabrook Island and Mayor Craig Weaver of Kiawah Island will be asking the candidates a series of questions on behalf of resi- dents of both jurisdictions.

The Towns of Seabrook Island and Kiawah Island make up an im- portant part of Charleston County emergency bulk email, the Town’s TWITTER feed (@seabrookisland77), the Town’s FACEBOOK page (@townofseabrookisland), SIPPOA eblast, and SIPPOA’s BLOG (www.sippoa. blog. at); and, via the Town’s free telephone service (888-314-3177 (recorded message)), and the CODE RED telephone notification system (recorded message). As a storm ap- proaches, the Town will respond by increasing its readiness status and will issue announcements of changes in readiness status together with recommended actions for residents. Once the storm has passed, the Town will issue announcements through the same chan- nels concerning conditions within the Town (including extent of damage and status of utilities) and, when appropr
CAP’N SAM EDISTO

Dear Cap’n Sam

Thank you so much for speaking today. It was so inspiring to hear you share about how your family farm has evolved over the years and how it continues to be a source of pride for you and your family. It’s truly inspiring to see how you’ve been able to adapt to the changing times while still maintaining your commitment to quality and sustainability.

Thank you again for your speech.

Sincerely,
[Your Name]

TOWN HALL MEETING

April 26, 2018

Mayor of the Day, Assemblyman Greg M. Wright.

The meeting called to order by Mayor Ciancio.

Citizen’s Forum:

Joe Qualey – The Mayor asked Joe to introduce the candidates.

Joe Qualey – The first candidate is mr. Honeycutt.

Mr. Honeycutt stated that District 9 is a very special District, he has the people. The mayor thanked Mr. Honeycutt for his service to the town and the community.

Mr. Honeycutt introduced Mr. Gregg, who is running against Joe Qualey.

Mr. Gregg stated that he has the people, the money, the experience and the background.

Mr. Honeycutt introduced Mr. Crump, who is the current mayor.

Mr. Crump thanked the Mayor and Mr. Honeycutt for allowing him to speak.

Mr. Crump stated that the Town has a balanced budget, the streets are being maintained, the sanitation is working, the parks are maintained, the Town Hall is up to date, the Town has six months to adopt the new Plan, the Planning Commission has recommended the new Plan, and the Town will be able to fully implement the new Plan in mid-2019.

Mr. Crump stated that the Town has a balanced budget, the streets are being maintained, the sanitation is working, the parks are maintained, the Town Hall is up to date, the Town has six months to adopt the new Plan, the Planning Commission has recommended the new Plan, and the Town will be able to fully implement the new Plan in mid-2019.

Mr. Crump stated that the Town has a balanced budget, the streets are being maintained, the sanitation is working, the parks are maintained, the Town Hall is up to date, the Town has six months to adopt the new Plan, the Planning Commission has recommended the new Plan, and the Town will be able to fully implement the new Plan in mid-2019.

There’s A New Kid in Town!

Every Seabrookian has a great story about how our town became a magnet for so many visitors and new residents. Some say it’s the beach, others say the golf, and still others say it’s the location. But there’s no doubt that the best story of all is the story of how our town became a home to so many wonderful people. And that story would be incomplete without mentioning the new kid in town – our new downtown.

On Wednesday evening, May 17th at the Seabrook Island Golf Club, we welcomed a new member to our community. The new kid in town is a 50-foot-tall gateway sculpture that will be located at the entrance to our town. It’s a unique piece of art that will welcome visitors as they arrive in Seabrook Island. The sculpture is a symbol of our love for nature and our commitment to preserving it. It’s a reminder of the importance of sustainable practices and the need to protect our environment.

One of the most exciting parts of this project is the fact that it has been a collaborative effort. Our community has come together to make this happen, and we are all proud to be a part of it. The new kid in town is a true reflection of the values that we hold dear. We are committed to creating a place that is not only beautiful but also welcoming and inclusive. And we believe that the new kid in town will help us achieve that goal.

So, the next time you come to town, make sure to stop and say hello to our new kid in town. It’s a reminder of the important work that we are doing in Seabrook Island and a symbol of our commitment to making our community a better place to live.

The new kid in town is not just a sculpture. It’s a statement. It’s a symbol of the values that we hold dear. And it’s a reminder of the importance of working together to create something special.

Making Better Use of Your Technology
The New Gmail

If you have Gmail as your email provider, you may have noticed a few changes in the way the new Gmail looks. Here’s what to do:

1. First, you need to know that the new Gmail isn’t going to replace the old one. You can choose which version you want to use.
2. To switch to the new Gmail, click on the gear icon in the upper-right corner and select “Display & Theme.”
3. Then, select “Switch to the new Gmail.”
4. Once you’ve made the switch, you’ll see a number of changes. The most noticeable change is the new design.
5. You can also customize the look of your new inbox and add new features.

Here are some tips for getting started with the new Gmail:

- Use the new search bar to quickly find emails.
- Use the new labels to organize your emails.
- Use the new filters to automatically move emails to the trash.
- Use the new notifications to stay up-to-date on important emails.

In conclusion, the new Gmail is a big improvement over the old one. It’s faster, more efficient, and easier to use. So, if you’re not already using the new Gmail, I suggest you give it a try. It’s a great way to stay organized and keep track of your email.

Limited Space Gardening

Using containers is a great way to grow edible plants even if you have limited space. It’s also a great way to reduce waste and avoid overwatering. In this article, I’ll provide some tips on select small containers, choose the right plants, and care for your container garden.

Choosing the right container is the first step in creating a successful container garden. You should choose a container that is large enough to hold the roots of the plant and has good drainage. The container should also be strong enough to support the weight of the soil and plants.

Choosing the right plants is the next step. You should choose plants that are easy to care for and that complement each other. Some good choices for container gardens include:

- Tomatoes
- Peppers
- Herbs
- Lettuce
- Radishes

These plants are all easy to grow and will add color and variety to your garden.

In conclusion, using containers is a great way to grow edible plants even if you have limited space. With the right containers and plants, you can create a beautiful and productive garden that will provide you with fresh produce throughout the year.

Laura Lee Rose
Hoarseness is a symptom of some unfortunate laryngeal system. As we age, the tissues in the larynx can become inflamed and edematous, which elicits this. The physical examination is aimed at identifying the cause of the inflammation of the larynx. It is very important to rule out some potentially dangerous diseases: diphtheria, tuberculosis, radiation, sarcoidosis, and multiple sclerosis. Chronic hoarseness is generally caused by chronic laryngitis, which is inflammation of the larynx that causes the vocal cords to vibrate abnormally. Chronic hoarseness can be very distressing, especially when it occurs for a long time. The physical examination is aimed at identifying the cause of the inflammation of the larynx. It is very important to rule out some potentially dangerous diseases: diphtheria, tuberculosis, radiation, sarcoidosis, and multiple sclerosis.
