A LOT WAS ACCOMPLISHED THIS YEAR
...AND PLANNING AHEAD FOR 2019

FROM TOWN HALL
RON CIANCIO

I would like to review some of the highlights of what was a very active 2018 for the Town of Seabrook Island, and take a glimpse into what we can anticipate next year.

The most visible of this year’s undertakings was the overall work on the drainage system on the Town’s portion of Seabrook Island Road. The project was delayed while we obtained required easements from affected property owners and permits from SCHEC-DORM (SC Department of Health and Environmental Control – Ocean and Coastal Management). The initial work involved the cleaning of drainage easements across adjacent properties, replacement of a number of reinforced concrete pipes, installation of check valves to prevent the backup of storm water, and the installation of curb lining for existing drainage pipes. This work will continue into the early part of next year when we will install additional check valves and replace damaged drainage boxes on either side of the entrance to Bohicket Marina.

Other aspects of this project will continue well into next year. We have retained a professional engineering, planning and landscape architecture firm to prepare a master entry plan for Seabrook Island Road from the circle to the gate. As part of this effort, and in anticipation of the future development of the properties on both sides of Seabrook Island Road, the consultant will review and provide recommendations on alternative street sections, widths, capacities and locations of future access points, and other elements including landscape, pedestrian access. The consultant will also develop an engineer’s report proposing the placement of pipes, swales and other drainage devices to address the ponding problem on Seabrook Island Road which we experience after each heavy rain. Seabrook Island Road is the gateway to our community and provides visitors with their first impression of Seabrook. That impression should be a positive one.

We made some changes to Town Hall as well, including repainting the interior, moving the conference room to a larger space, purchasing new conference room table and chairs and upgrading the recording system in council chambers and our telephone and computer systems. We intend to add additional storage space in council chambers and replace the furniture in our waiting room. Next year we will paint the exterior of town hall, replace the front door and purchase outdoor deck furniture. We will also repave the parking lot and construct a garage adjacent to town hall for the two new vehicles we intend to purchase next year and to provide additional storage.

We were also active on the beach. We worked with our legislative representatives to correct the unintended consequences of SCDEH’s decision to extend the comment period on its Beachfront Jurisdictional Line proposal to April 4, 2018. The extension adversely affected a number of property owners where SCDEH’s proposal moved the baseline seaward of its original location. The legislation supported by the town corrected that situation. We added additional hours and additional personnel for the beach patrol during our peak tourist season. We amended our beach ordinance to exclude electronic shock collars from the definition of “on lead” and to authorize members of the beach patrol to address fishing on the beach where that activity presents a threat to other users of the beach. Lastly, we entered into a collaborative agreement with the Low Country Marine Mammal Network which monitored our beach during peak times to observe and record dolphin strand feeding and educate beach goers on this unique behavior.

LCCMN together with 12 Seabrook Island volunteers spent 320 hours on our beach and spoke with 1,252 people through September. Next year, among other things, the town will be placing trash receptacles on the beach to promote a cleaner beach.

We were active on oil-shale drilling issues. In response to the Bureau of Ocean Energy Management’s request for comments on its 2018-2024 draft Proposed Outer Continental Shelf Oil and Gas Leasing program, the town submitted extensive comments in opposition to the proposed opening of the Outer Continental Shelf, particularly along the Mid and South Atlantic coastlines, to oil and gas exploration. The Town agreed to participate as a party plaintiff in litigation proposed to be filed by the South Carolina Environmental Law Project against the National Marine Fisheries Services with respect to its proposal to issue new geophysical and geological permits authorizing seismic testing off of South Carolina’s shores.

The Town hosted an open house to give Seabrook Island residents a chance to ask representatives of Charleston County questions regarding how the new FEMA flood maps would affect their individual properties. The town also hosted a forum to provide residents with an opportunity to ask questions of the Berkeley Electric CEO Dwayne Cartwright regarding the power outage resulting from Hurricane Irma. Finally the town co-sponsored a well-attended forum where residents were given an opportunity to hear from each of the county council Republican candidates for the District 9 seat from which Jenny Honeycutt was elected to the council.

With the assistance of the Charleston County Planning Department we began work on updating the Town’s Comprehensive Plan. To aid in preparation of the plan we sent out a community survey and held a number of “stakeholder” meetings to gain input from town residents, business owners and organizations on the plan’s nine elements. As required by statute, the revised comprehensive plan must be adopted by council by July of 2019. Next year we will also begin work on the five-year update of our Beach Management Plan. Next year we also plan to retain a consultant to undertake a complete review and revision of the Town’s Development Standards Ordinance which currently contains a number of inconsistencies and is less than precise definitions.

The most controversial issue of the last half year has been the application of Atlantic Partners II for a permit to construct an entrance on Seabrook Island Road for a 200 unit senior living complex. On October 3rd, the Town’s Planning Commission approved the application for a permit subject to a number of conditions. Atlantic Partners II has filed a Notice of Appeal with the Charleston County Court of Common Pleas. The initial step in the process will be a mandatory mediation where the parties attempt to reach a settlement on the issues. If we are unable to reach a settlement, litigation on the issue will extend into 2019 and possibly beyond.

What would October be without the threat of yet another hurricane? Council worked closely with the Charleston County’s Emergency Management Department to implement Governor McMaster’s mandatory evacuation order and the Town filed a request for Public Assistance for expenses related to Hurricane Florence.

It has been an active year, and I believe we have accomplished a great deal. I want to express my appreciation to our Town Administrator, our administrative staff and the members of council for their hard work and effort. We look forward to another productive year in 2019.

Happy Holidays From the Green Space Conservancy

The month of December is a time for reflection and gratitude. The Green Space Conservancy has just received a wonderful holiday gift! Great shout outs and thanks to our donors, board members, trustees, and friends of the Conservancy! Lisa and Bill Fleck, love always the foundation of the Conservancy. A desire to help others, support local events, and bring joy to all is what Bill and Lisa Hoyt decided that they would do to help this cause and donate to the Conservancy. The property is located on the NE corner of Cincinnati and Wragg Street and is a perfect corner between a marsh and a green space for many of the unique and diverse activities that call the Conservancy their home. This property is unique and valuable to the Conservancy and invaluable to our community. The new property is one of the most valuable assets that the Conservancy has ever received.

**The new guidelines break down recommendations for a healthy exercise plan into three main components to aerobic exercise:**

1. **Intensity**
   - Measure your intensity by the number of steps you take or the number of calories you burn. Examples of high intensity are jogging, running, or playing sports. Examples of low intensity are walking, cycling, or swimming.

2. **Frequency**
   - The goal is to balance all three so you exercise during the entire day, which can be a challenge for some. Examples of high frequency are 1 day a week, while examples of low frequency are 5 days a week or more.

3. **Duration**
   - The goal is to balance all three so you exercise during the entire day, which can be a challenge for some. Examples of high duration are 1 hour of exercise, while examples of low duration are 30 minutes of exercise.

**Intensity of Exercise**

Exercise is one of the most important things we can do for our health and well-being. The best way to achieve these benefits is to exercise 3 times a week, 30 minutes each time, with a goal to exercise 5 times a week, 20 minutes each time.

**Benefits of Exercise**

- Exercise is proven to reduce the risk of cancer, reduces depression, reduces falls, and reduces quality of life.
- People with chronic disease exercise improve function and quality of life and in many instances reduce disease.
- Reducing the risk of chronic diseases increases the percentage of active living, and is one of the most important things we can do for our health and well-being.

**Bottom Line**

Exercise should be part of your everyday plan – in fact, the best way to keep is to make it a habit! Exercise is a great way to improve your health and well-being. The best way to achieve these benefits is to exercise 3 times a week, 30 minutes each time, with a goal to exercise 5 times a week, 20 minutes each time. The full report breaks down recommendations for a healthy exercise plan into three main components to aerobic exercise: 1) intensity, 2) frequency and 3) duration.

**Exercise Intensity**

- Light: Minimal to no sweating.
- Moderate: Slight to moderate sweating.
- Intense: Heavy sweating and feels like the heart is pounding.

**Exercise Frequency**

- Low: 1 day a week “off.” Some people think about this is to plan 50 minutes a week, but more is better.

**Exercise Duration**

- Low: 10 minutes.
- Moderate: 30 minutes.
- Intense: 60 minutes.

**Exercise**

- A brisk walk for most people.
- A swim for those who can.
- Any activity that raises your heart rate.

**Effects of Exercise on Health**

- Exercise lowers the risk of cancer, reduces depression, reduces falls, and reduces quality of life.

**Benefits of Exercise**

- Exercise improves function and quality of life.
- Exercise reduces the risk of chronic diseases.
- Exercise increases the percentage of active living.

ACCESSING WILDLIFE SIGHTING FORMS

What does it mean to you to live in a community that has a large and diverse population of wildlife species occurring and thriving in their virtually natural habitats? The importance to Seabrook Island residents to observe and interact with the wildlife resources on the Island was reflected in a recent annual survey that the Environmental Committee has sponsored. Ninety-five percent of the respondents agreed that the presence and variety of wildlife was extremely important to them, and in some cases, the primary reason they chose to live here. Many residents look for ways to learn more about the animals they encounter almost daily. Where they live, what they eat, how they raise their young, are just some of the things we are interested in learning more about. For this reason, the Environmental Committee encourages residents to, in order to learn some of these things, but also to help contribute to the data collection.

For several years the SIPOA Environmental Committee has used information submitted on “Wildlife Sighting” forms that are accessed through the SIPOA Home Page. Notice a link on the top of the page that looks like this photo 2. First go to the Discover Seabrook page, www.discoverseabrook.com. Notice the SIPOA Forms and you will be taken to a drop-down menu appears. Click on “Wildlife Sighting” forms and you will be taken to a page that looks like this photo 2.

The second item is Wildlife Sighting forms and you can click on that link this form appears photo 3.

Now, it’s the simple matter of filling out the form. Your address or the location of the sighting is similar to that of the first form. Your name, address and phone number are needed only if something needs to be clarified. Periodically maps will be published showing the locations of sightings. Your name, address and contact information is only used by the committee to contact you and would not be published.

The committee has enjoyed the pictures residents and guests post on social media, especially Next Door. However, we cannot place these sightings in our data base without an address. Perhaps if you post a photo you can also help us by linking on the sighting form, too.

Fall Planting

After the pledge of allegiance, Mayor Crane welcomed the audience to the Town Hall Meeting of September 20, 2018. Mayor Crane introduced the agenda, and public input was solicited for each item. The Mayor then asked for any announcements.

Planning Board Regular Meeting

May 15, 2019

The Planning Board met in the Conference Room of Town Hall. The meeting was called to order at 6:30 p.m. by Mayor Crane.

The agenda was approved.

The minutes of the May 2018 meeting were approved.

The public input period was held.

The following items were discussed:

- The Seabrook Island Garden Club cordially invites all Seabrook Island residents to the November 16 Festival of Trees at the Whitney Plantation.
- The Seabrook Island Garden Club will be holding a holiday market on November 17 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday flower workshop on November 18 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday wreath-making workshop on November 19 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on November 20 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on November 21 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on November 22 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on November 23 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on November 24 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on November 25 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on November 26 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on November 27 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on November 28 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on November 29 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on November 30 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 1 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 2 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 3 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 4 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 5 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 6 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 7 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 8 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 9 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 10 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 11 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 12 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 13 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 14 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 15 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 16 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 17 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 18 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 19 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 20 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 21 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 22 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 23 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 24 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 25 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 26 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 27 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 28 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on December 29 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on December 30 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on December 31 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on January 1 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on January 2 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on January 3 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on January 4 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on January 5 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on January 6 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on January 7 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on January 8 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on January 9 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be presenting a holiday flower arrangement workshop on January 10 at the Village Schoolhouse.
- The Seabrook Island Garden Club will be offering a holiday tree workshop on January 11 at the Village Schoolhouse.

- The Seabrook Island Garden Club will be hosting a holiday cookie baking workshop on February 5 at the Village Schoolhouse.

The meeting was adjourned at 4:13 p.m. by Mayor Crane.
Operations & Maintenance:
Maintenance staff has prepared the Gentleman’s and Lake Houses for the holiday season. The Boardwalk 5A crossover replacement is complete and the handballs is open. Winter seasonal plantings and winter face storm applications were completed in November.

Lake House:
Over 50 property owners volunteered to host trick-or-treaters for Halloween. Comments received afterward indicated that there were fewer than hoped at each house and reports of imminent weight gain prior to eating leftover candy. Many of our owners are very enthusiastic and would like to see a continued event at the Lake House and year. We began our Annual Candy Food Drive on November 1st with a goal of 7,500 lbs.

Enforcement Actions YTD = 200

Maintenance Projects Approved by staff in October = 71

New Homes Under Construction = 20

New Homes Approved, not yet started = 3

Thanksgiving Fitness Events

Thank you to all who participated in our Thanksgiving fitness events, and congratulations to the winners! Full race results are available on Tidelines and at the olist.

MEN’S WINNER

Callan Hasting, 21:09

LADIES WINNER

Eleanor Morales, 25:28

There’s no such thing as a free lunch,” was one of my Dad’s favorite sayings when I would ask for something or try to avoid paying. My parents taught me the expense of a particular item. I didn’t know it at the time, but this popular saying has been in use since the early 1900’s. It was born out of necessity and was often true then and such is the case today. As the Board continues to manage and/or reduce our assessment, we must be diligent about managing those ongoing activities, but continue to fund them and amend the assessment. SIPOA has been diligent about managing and directing our budget and management for materials, contractors and other financial entities. With the 2018 annual assessment, we cannot have an increase and we must find ways to control the items below to ensure that we retain our hard-earned funds. We will continue to work with our many vendors and contractors and make the necessary adjustments that will ensure that we continue to manage our expenses in order to avoid any unexpected costs. SIPOA has made great progress as we continue to manage the expenses, so that we can continue to manage our expenses. Please continue to fund the necessary activities and we will work hard to ensure that we continue to manage our expenses in order to avoid any unexpected costs.

SIPOA staff has been working with the Finance Committee to prepare the 2019 Operating and Capital budgets. The budget proposal will be submitted to the Board in December. There were 15 property closures in October totaling over $200 in 3 single family homes, 13 million and 5 million.

The amount collected will be divided equally among all hourly employees.

New Home Applications - 7

New Home Approvals, not started - 5

New Home Value Construction - 20

Thank you for your help in maintaining the cleanliness and quality of The Lake House Fitness Center by following the rules below:

• Wire-dress equipment after each use.

• Return weights to the racks provided. Do not drop or throw weights.

• Children 15 and under MUST be under the direct supervision (within arm’s reach) of an adult.

• Wipe down equipment after each use.

• To prevent accidents and injuries, equipment should be returned to its proper location after use.

December Artist of the Month

Bob LeFevre
Opening Reception: Saturday, 12/1/18, 5-7 PM

Drawing and Painting Shrimp Boats
Free Art Workshop Offered by Bob LeFevre
Eagle’s Nest Studios • The Lake House • Jan. 10, 2019

The Seabrook Island Art Guild
Announces that the December Artist of the Month
Bob LeFevre, an award-winning artist, will be exhibiting at the Seabrook Island Art Guild. Bob retired from a successful career in the field of design and painting and relocated to the Lowcountry where he pursues his passion – at painting. He started his fine art career in California and continued with drawing, painting and sculpture. December 5-30, 2018, the Seabrook Island Art Guild will host LeFevre from his home studio in Big Sur, CA where he resides for the holidays before the clipper ship. It’s even possible that you’ll have a chance to see painting some of the work and exploring the area. Bob recently completed his 30th year of exhibiting his work through drawing and teaching including the Lake House during the month of December. The Seabrook Island Art Guild is proud and grateful to have Bob here with us. #YesterdayInMicrofashion: 150 Years of Charleston’s Children

The Charleston Museum is pleased to announce the opening of its newest exhibition, Exploring the Shrimp Boat, a look at the Lowcountry’s beloved workboat. December 15, 2018 — January 27, 2019. This exhibit will present more than a century of historic shrimping photos and will showcase the evolution of the shrimp boat’s tradition in Charleston and the Lowcountry. Historically, Charleston has been the epicenter of the shrimping trade, and the story of the shrimp boat continues to this day, one that is very much a part of the local culture. Exploring the Shrimp Boat explores the shrimp boat’s journey over 150 years of Charleston’s Children. December 15, 2018 — January 27, 2019. This exhibition will feature over 200 classic shrimp boat images on display, alongside personal stories and oral histories of their operations and history. The exhibit explores the shrimp boat’s journey over 150 years of Charleston’s Children. December 15, 2018 — January 27, 2019. The exhibit also features over 250 images of shrimp boats throughout America’s backyard, from the Gulf Coast to the Carolinas, and the operations of the shrimp boat’s tradition in Charleston and the Lowcountry. The exhibit is sponsored by the Southern Oceanic Society, a non-profit organization dedicated to preserving the history and culture of the shrimp boat. The exhibit is open to the public and is available for viewing during regular museum hours. The exhibit will run through November 2019. For more information, please visit: www.charlestonsmuseum.org/exhibitions/Exploring-the-Shrimp-Boat

TLAD Managed to Address

With tickets at $25 for adults and $10 for children (ages 12 and under), this event is a wonderful way to celebrate Charleston’s rich history and culture while visiting sites in Charleston and the Lowcountry. During the month of January, 2019, enjoy access to 13 participating sites with the purchase of one low priced ticket! With the Museum Mile Month pass, you can spend an entire month learning about the history and legacy of Charleston’s most beloved sites. In addition, Museum Mile Month participants are also asked to donate $5 to cover costs associated with the event. The event takes place at the O’Hara-Corker Community Center on January 1st at 10:00 am. For more information, please contact Marc Walls at 843-801-3536 or twall@cityofcharleston.sc.gov.

HOME REPAIR MISSION DAY
December 11, 1816. The gathering has become an annual event which includes local school children, parents, priests, and singing with all of a lot of homestyle gusto. 

It was truly a pleasure bringing The Seabrook to you. Best wishes to you.

For the upcoming year, Wishing you and your family a happy and healthy 2019! The Seabrook Staff

HOLIDAY BRASS WITH DOC SEVERINSEN
