GROWING THE GREEN
Green Space Conservancy Hosts Another Highly Successful Gala Evening

Friends of the Seabrook Island Green Space Conservancy eagerly met at the Island House for an evening of casino games, music, silent and live auctions, delicious food and great drinks, plus really awesome prizes, on Sunday evening, March 17th. The Seabrook Island Club, yet again, generously hosted the annual event and kudos go to their hardworking and extremely capable staff and management team. They provided incredible food stations and delectable Irish sweets tables, guided by our chef de cuisine, Chef Randy Seabrook Island Real Estate once more helped make the whole evening possible by providing all the adult beverages at the four bars and the mints at all the dessert tables. A huge THANK YOU to our loyal Presenting Sponsors – Seabrook Island Club and Seabrook Island Real Estate! There were many more sponsors who provided financial support to the Conservancy, Akers Ellis, Comcast, Bernstein Lash Marketing, Frederick’s Village, Pam Harrington Exclusives, Jacque and Paul DePalma, Vic and Carol Agusta, Emery MacPherson at Akers Ellis, Patsy, Chip and Stuart at Seabrook Island Real Estate, and Indigo Books. And to all our donors and friends, we are eternally thankful for you and your continuing support of the Green Space Conservancy. Thanks to YOUR generosity, the Conservancy has over 26 acres of protected green space and has acquired over 32 properties.

Auctioneer Scott Clark, our very own Seabrooker and award-winning sportscaster for WABC News in New York City, set a terrific tone for the live auction as he sold off “Pieces of the Green” at a rapid-fire rate and lured lucky guests into bidding for eight breathtaking live auction items. Thank you, Scott, for your humor, expertise, and willingness to serve as our auctioneer extraordinaire. Some comments overheard throughout the evening were, “The food was incredible – the beef filet melted in my mouth and the shrimp and oysters were so fresh and prepared perfectly.” “Scott was hilarious – he had everyone bidding and laughing at the same time.” “Never knew I loved casino games … so much!” “The casino equipment was really top notch.” “How lovely to honor Jeri Finke.” “We welcomed the music – it was so refreshing, in both the Irish Pub and Atlantic Room. Thank you for that.” “Wow, I won, I won, I won……” “The AmFund Trips offered were amazing. Can’t wait to visit Ireland!” “Thank you, Seabrook Island Real Estate, for the fun ‘adult beverage’ selections this year – and those mints, wow! You did say I could take the leftovers home, right?” “Think we can sneak some of those beautiful trees home with us?” “The Gala Booklets are absolutely beautiful.” And many, many more lovely, funny, and heart-warming comments!

The photos tell the story of generous Seabrookers enjoying a beautiful and fun-filled evening. To all who attended the gala, who bid in the auctions and played our games, the Conservancy says thank you! And to those who support us all year long, we offer another thank you.

NEW CONSIDERATIONS AT ARC AND THE TOWN OF SEABROOK

Will help facilitate improvements and maintenance to villas and single family homes

A frequent topic of discussion on Seabrook Island is our Property Values. SIPOA continues to identify opportunities to improve our infrastructure, maintenance of buildings owned by SIPOA and our environment to maintain our property values. The real estate market also impacts our property values. Being a coastal community, the environment and weather impacts (1) the frequency of external maintenance and (2) upgrades and replacement of utilities such as HVAC systems and tankless water heaters.

Regimes/Associations and Owners are partners in maintaining property values. The ARC has preapproved a number of improvement opportunities and will consider new requests to improve the external appearance of properties. Villa owners should work closely with their Regime/Association Boards to receive details on services provided and also when submitting requests to the ARC and Town for improvements outside the approved “Standards” for that Regime/Association. Coordination between the ARC and the SiPOA ARC Administrator and the ARC Engineering Assistant with Landscape and Horticulture background will help facilitate improvements and maintenance to villas and single family homes.

CONTINUED PG. 4
1. The approval of easements for drain-circle.

Council approved the Seabrook Island Golf and Country Club’s request to install a new drain-circle in the Seabrook Island Golf Course’s 9th hole. The drain-circle will help prevent water from pooling in the area and improve drainage. This will help reduce the risk of water damage to nearby properties.

2. Some Island House problems are being addressed in the current planning and do not require immediate action.

Project Title: Seabrook Island Golf and Country Club Project

- Addressing drainage issues
- Repairs to irrigation systems
- Updating signage

3. The golf market is declining in popularity and is not as appealing as other sports.

Nationwide, the golf market is declining in popularity and is not as appealing as other sports. This is due to factors such as the high cost of membership and the need to travel to play. However, some local courses are finding success by offering deals and tournaments to attract new customers.

4. The Seabrook Island Club board, as stated in the by-laws, has the ability to borrow $1,500,000 without a referendum.

The Seabrook Island Club board, as stated in the by-laws, has the ability to borrow $1,500,000 without a referendum. That amount of money (if needed) combined with the reserves that we have will be sufficient to get us through this difficult period.

5. Teri B. Lash can be reached at 843.747.7767 or TLash@BernsteinLash.com for advertising opportunities.

6. The entry deadline for all items is the 15th of the month. Please limit Cap’n Sam’s letters to 300 words or less.

7. You may not agree with everything in this letter, but if you agree with most of it then please consider the information provided.

Of course, by that I mean “unlikely in argument that a Recession is unlikely.

My three answers sum up to: the trends since 2009 suggest that slow agonizingly slow economic growth. So, economic growth will not kill the Bull. The worst intra-year declines for the S&P 500 Index of large company US stocks for upgrade approvals to streamline materials may bypass architectural review of the Construction Commission. Condos and villas usually carry a “stabi- plan for repairs and upgrades (such as closing in a porch/harvest or red-"
The nineteen annual Kiawah Island Art and House Tour is set for Friday, April 5th, 2019. This year’s tour features five spectacular homes, including a large oceanfront estate, a Oceanside home, a historic Lowcountry home, and two homes within the Cassique community. The tour will provide visitors with an opportunity to admire the unique architecture and beautiful interior design of each home, as well as to enjoy the stunning views of the Atlantic Ocean and the Intracoastal Waterway.

The five homes featured on the tour include:

1. **Cassique Oceanfront Estate**: Located on the Oyster Point Peninsula, this estate features stunning views of the Atlantic Ocean and the Intracoastal Waterway. The home is designed with a contemporary aesthetic, incorporating clean lines and a neutral color palette. The interior design is modern and luxurious, with high-end furnishings and finishes.

2. **Rhett’s Bluff Estate**: Situated on the Ashley River, this estate features a large pool and gardens, as well as expansive views of the river and the surrounding marshlands. The interior design is traditional Southern, with a focus on comfort and elegance.

3. **Historic District Home**: Located in the historic district of Seabrook Island, this home features a blend of traditional and modern design elements. The interior design is warm and inviting, with a focus on natural materials and textures.

4. **Oceanside Home**: This home features a large pool and pool house, as well as stunning views of the Atlantic Ocean. The interior design is modern and beachy, with a focus on comfort and relaxation.

5. **Cassique Oceanfront Estate**: Located on the Oyster Point Peninsula, this estate features stunning views of the Atlantic Ocean and the Intracoastal Waterway. The home is designed with a contemporary aesthetic, incorporating clean lines and a neutral color palette. The interior design is modern and luxurious, with high-end furnishings and finishes.

The tour will be open to the public, and tickets are available for purchase online at brownpapertickets.com. Advance tickets are $55 each, and on the day of the tour, tickets will be $65. All proceeds from the tour benefit the Gibbes Museum of Art in Charleston and the Fryar Botanical Garden in Summerville.

The Kiawah Island Art and House Tour is a popular event that attracts visitors from around the world. The tour is a celebration of the art and architecture of the Lowcountry, as well as a showcase of the beauty of the Kiawah Island landscape. The tour offers a unique opportunity to experience the art and culture of the Lowcountry, and to enjoy the beauty of the Kiawah Island landscape.

For more information about the Kiawah Island Art and House Tour, please visit the website at kiah.com or call 843.548.2860.

**TOWN HALL MEETING**

**TOWN COUNCIL MEETING**

After the pledge of allegiance, Mayor Chris Low as called the meeting to order at 6:00 p.m. on February 5, 2019. The meeting ran for two hours and forty minutes. Public Comment items were heard and the meetings are to be voted on.

In a motion to approve the minutes of January 15, 2019, the Public Works Committee reported that the Town's SR 144 South project has been completed.

The Ways & Means Committee met on February 13, 2019, to discuss the Town's 2019-2021 budget. The Committee reviewed the Town's 2018-2019 financial report and approved the budget for the upcoming fiscal year.

**Diet Drinks and Your Brain and Heart**

Jerry Reves, MD

Diet drinks were introduced for the first time in the 1950s, and since then they have become an important part of our daily diet. The most common types of diet drinks are those that are sweetened with acesulfame, aspartame, neotame, or saccharin, while some have artificial sweeteners that do not have sugar (sweet) are saccharin, acesulfame potassium, or saccharin. These drinks are often marketed as a healthier alternative to regular sodas, but recent studies have shown that they can have serious health consequences.

**Health Promotion**

The Town Council has approved a resolution to fund the planning phase of the Town's Healthy Eating and Active Living Program. The program will focus on promoting healthy eating and physical activity in the community.

**Funding for the Beach Purchase**

The Council approved the purchase of land for the new beach, which is expected to be completed by the end of the year.

**Update on Dolphin Education Program**

Councilman Wells reported that the town received an RFP for a new educational program to be held at the beach.

**Request to Authorize the Purchase of Beach Property**

The Council approved the purchase of a parcel of land for the new beach, which will be completed by the end of the year.

**Request to Approve an Agreement**

The Council approved an agreement with an outside contractor to provide maintenance services for the new beach.

SEABROOK ISLAND BEACH WALK

April 25th 2019

The Seabrook Island Dragonslayers, a non-profit organization dedicated to raising funds to help Seabrookers with cancer, will be present at the event to provide information on their organization.

Seabrook Dragonslayers Dragonslayers are cancer survivors. Dragonslayers is a sport that originated in China over 2000 years ago. Crews paddle to the beat of a drummer, abreast in colorful 48 foot vessels while participating in races in Beaufort, Puerto Rico, Charleston, and Europe. Dragonslayers is a non-profit organization dedicated to raising funds to help Seabrookers with cancer.

Seabrook Dragonslayers will participate in the Charleston Dragon Boat Festival.

The Dragonslayers also received $22,000 from the Seabrook Island Club, Seabrook Island Ladies Bible Study, Barrier Island Free Medical Clinic, Duplicate Bridge Group, Maraide Sullivan, Realtor and Chief Economist of the CME Group of Chicago where he is responsible for overseeing analysis of global financial markets by identifying emerging trends, evaluating systemic risk, managing the risk of major international trade relations, and issuing alerts when necessary.

Dr. Putnam is a graduate of Eckerd College, St. Louis University, and New York University. He has 35 years experience in global financial markets, having worked on large and small projects from different countries. He is the author of five books on international economics, having contributed to the literature in this area.

Turbulence in Global Trade: From the U.S.-China Trade Wars to Brexit, the EU, and Beyond

Wednesday, April 17th 5:15-7:30PM

Neighborhood Electric Vehicles

What is a Neighborhood Electric Vehicle? A NEV is a battery-electric vehicle designed as a "Low-Speed Vehicle" (LSV) by the National Highway Traffic Safety Administration (NHTSA) and Motor Vehicle Safety Standard (FMVSS) No. 500 (as of Federal Regulations 49CFR 571.500). A NEV must be limited to a maximum speed of 20 mph or less and be less than 6,000 pounds (including the vehicle and all passengers and cargo).

To operate a NEV on public roads, the owner must register the NEV with the appropriate local or state government agency. This typically involves providing proof of ownership and registration, along with proof of insurance. The owner must also maintain the NEV in good working condition and ensure that it meets all local and state regulations.

Florida residents can register their NEVs for free through the Florida Department of Highway Safety and Motor Vehicles (DHSMV). This process involves providing proof of ownership, a completed registration application, and payment of any required fees. Once registered, the owner will receive a registration certificate and license plate for the NEV.

To drive a NEV on public roads, the owner must also obtain a valid driver's license and comply with all local and state traffic laws. The owner must also ensure that the NEV is properly maintained and inspected, and that it is equipped with all required safety features, such as lights, mirrors, and turn signals.

Local Artists Display Their Work
Saturday, April 20 at the Bohicket Marina

Some of the area’s looking artists will be participating in the Sea Islands Chamber of Commerce’s eighth annual Art Walk at Bohicket Marina. This year’s theme includes the following local artists: Kellie Jacobs, Susan Colwell, Rich LeFevre, Tina Mayland, Sandra Roper, Colleen Wiessmann, and Lisa Willits.

The event will feature cultural food, music, local products, silent auction, and more. This year’s Art Walk will be held from 3:00 PM to 7:00 PM in the parking lot of NV Reality at the entrance to Bohicket Marina. The artists are housed under one big tent, and the event is open to the public. Each artist will be displaying his or her own work, and all items are for sale. Many of the artists will also be available to meet and see their creative process in action.

Mark your calendars for April 15, the day before Easter. There is no better way to spend a Saturday than looking at amazing art to such a beautiful setting. You can find out more about this year’s Art Walk on the Sea Islands Chamber of Commerce website, www.seaislandschamber.org. Art Walk began this year. The artists are housed under one big tent, and the event is open to the public. Each artist will be displaying his or her own work, and all items are for sale. Many of the artists will also be available to meet and see their creative process in action.
