2020 BOHICKET MARINA HALF MARATHON AND 5K

COVID – 19 PROTOCOLS

REGISTRATIONS – All registrations will take place on-line so there is no person to person contact during registration. Race day registrations are submitted by cell phone to our timing company and registrations are recorded immediately.

Safety Protocol at Registration – Charleston Running Club (CRC) volunteers will staff tables that will be placed at the dry stack building to handle packet pick up, runner questions, etc. Tables will be in a double line providing a min. of 6' distance between volunteers and runners. All volunteers will wear mask or gators during the event.

ARRIVAL AT THE RUN – Each runner will park in either the main parking lot at the Marina or the grass lot at the entrance of the Marina. Over flow parking will be available at the real estate office and the Town's complex if approved by the Town.

Safety Protocol Upon Arrival – CRC Volunteers will be posted at each parking location and will be equipped with MEDTEMP IR INFRARED DIGITAL CONTACTLESS FORHEAD THERMOMETERS. Every runner will have their temperature checked to confirm they are afebrile (less than 100.5). If they are afebrile they will receive a wrist band. NO runner will be allowed to enter the starting area without a wrist band. If their temp exceeds 100.5 then they will not be allowed to leave the parking area and offered a refund or deferral to the 2021 run. In addition, hand sanitizer stations and gloves will be located throughout the parking lots and Marina for runners and volunteers.

PRE- RACE PACKETS – Race packets will consist of a cotton/canvas runner's bag that will be prepared the week before the Run. The runner's bag will contain the runner's bib, a neck gator, finisher medal and other items provided by our sponsors.

Safety Protocol for Pre-Race Packet Pick-up – The neck gator provided to every runner will serve as a mask to cover the runner's mouth and nose for the first quarter of a mile and the final quarter of mile of the run. The finisher medals and neck gators are being provided to the runners in their bag to eliminate any personal contact between runners and volunteers at the finish line.

COURSE VOLUNTEERS – As in all prior runs the Exchange Club will provide the volunteers inside the Seabrook gate and CRC will provide the volunteers outside the Seabrook Island gate.

Safety Protocol for Volunteers – All volunteers will also have temp checks when reporting for duty and receive a wrist band indicating they do not have a temp exceeding 100.5. Instead of coolers of water and Gatorade used to fill small cups for the runners all water and Gatorade will be in small unopened plastic bottles. Both beverages will be staged on the roadside tables by CRC volunteers before the arrival of the Exchange Club volunteers and the tables will be doubled to ensure the Exchange Club volunteers

are over 6' from any runner. 50-gallon trash cans will be provided at each water stop and along the race course for the runners to discard the empty bottles. CRC volunteers will inspect the entire course after the final runner completes the course to ensure no bottles or other items are left on the island.

STARTING LINE – The starting line is located at the Marina on the road leading to the dry stack.

Safety Protocol at Starting Line -This road is 30'+ in width and will be divided lengthwise into five lanes, each six feet wide with caution tape. The road bed will then be divided cross wise with caulk every 6' to create a 6' x 6' starting box for each runner. This method of staging the start will allow 50 runners to stage for the start of the race in the first corral. Once the first corral has left the starting line the second group of runners will enter the starting corral and be allowed to start two minutes after the first group. The runners are chipped timed so their actual start time does not affect their total run time. Each 40 second interval will allow approx. a 10th of a mile separation between each starting group. All runners will be monitored for wrist bands and mask while in the starting corral.

RUN COURSE – Both runs will follow the same courses as the 2019 runs. The 5k will have one water station and the Half Marathon will have three water stations and several port-a-lets.

Safety Protocol on Course – Course Volunteers will have no person to person contact with any runner as outlined in the Safety Protocols for Volunteers above. A professional cleaning team will sanitize each port-a-let after every use to minimize the chance of virous contamination. Runners normally spread out after the first quarter mile of any run so the person to person contact between runners on the course will be minimal.

FINISH LINE – All finishers must cross the finish line which is located near the starting line.

Safety Protocols at Finish - All times are chip monitored so no personal interaction is required in the timing function. Each finisher will be directed to the river side of the Marina where post run beverages and recovery food will be staged. Hand sanitizer and gloves will be provided again to all runners at this location. Beverages will be in bottles and placed on tables by volunteers before runners enter the area. All recovery food will be individually wrapped and placed on open tables. The Salty Dog will provide coffee, hot chocolate and hot dogs to the runners at a walk-up window with proper distancing of their staff and runners. Seating will be available for 150+ runners on the patios at outside tables with 6' seating separation. Runners will be monitored to maintain 6' separation at this time also.

AWARDS PRESENTATION – The winner awards will be available upon the completion of the Run.

Safety Protocols for Awards Presentation – All awards will on be placed on tables on the boardwalk before the arrival of the runners. As the winner's names are called, they will come forward and pick up their award from the table. There will be no personal contact between the runners, staff or volunteers at this time.

AFTER RUN ACTIVITY – There are no activities planned after the completion of the run and as in the past most runners leave the Marina within an hour of the last runner crossing the finish line. Nearly all 5K runners finish and leave before the Half Marathon runners finish so there will be very little overlapping of the participants. We anticipate the number of runners remaining at the Marina will not exceed the number of guests we normally experience at this time of the year. Because Bohicket is located on the river and does not have a tight congestion of buildings we believe it is a perfect setting for this out door event while allowing for social distancing and the required safety protocols.

ADDITIONAL INFORMATION – The 2020 Bohicket Run has been approved by The Seabrook Island Property Owners Association and the SC Department of Commerce in conjunction with DHEC. We are following every safety protocol that has been recommended for an event of this type and in fact have far exceeded the protocols of two major local runs that will be held before year end. Fleet Feet, a national retail sporting store will host their annual Cocoa Cup Run with 2,000 participants and a Thanksgiving Run that will host 800 runners. Both runs have nearly sold out. These runs been approved by the state and local municipalities. Neither run has initiated the expansive protocols that Bohicket has however both runs are considered safe activities by the governing bodies granting the permits.

 Effective date of certification: September 4, 2018 Certification code: SC18033DW

Notice to Race Director: Use this Certification Code in all public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course — In the event a National Open Record is set on this course, or at the discretion of USA Track & Field, a verification remeasurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 in the year 2028

BOHICKET 5K

Johns Island, SC

Description:

Start is on Andell Bluff Blvd. It is to the south of the finish line (see inset). Runners will head south on Andell Bluff towards Seabrook Island Rd. Turn right onto Seabrook, and travel south through the gates and past the tennis courts before turning left onto Seabrook Island Rd just after the 1 mile mark. Runners will then travel clockwise on Seabrook Island Rd until they reach the turn around point on Seabrook Island Rd by the Seabrook Island Water and Sewage plant. After turning around, runners will then be traveling counter-clockwise on Seabrook Island Rd until they reach the bike/run path on the right. Runners will turn right onto the bike/run path and follow it until they reach the crosswalk just prior to Andell Bluff Blvd where they can cross over Seabrook Island Rd diagonally to reach Andell Bluff Blvd.

Course Requirements: the course is limited to

- 1) On all sections of Seabrook Island Rd, athletes must follow the flow of traffic and stay to the right of ALL traffic islands. Where traffic islands are not present, they have full use of the road.
- 2) On the pathway, athletes have full use of the path.

Measured by Stephanie Middlebrooks
stmiddlebrooks@goraceproductions.com on 10/11/2018

Mile 1 - 26' North of the Right Lane Ends sign that is just to the north of Longbend Dr

Mile 2 - 28' north of the entrance onto the run pathway

Mile 3 - On Andell Bluff Blvd. 3' north of the center of the manhole that is closest to the entrance to Bohicket Village

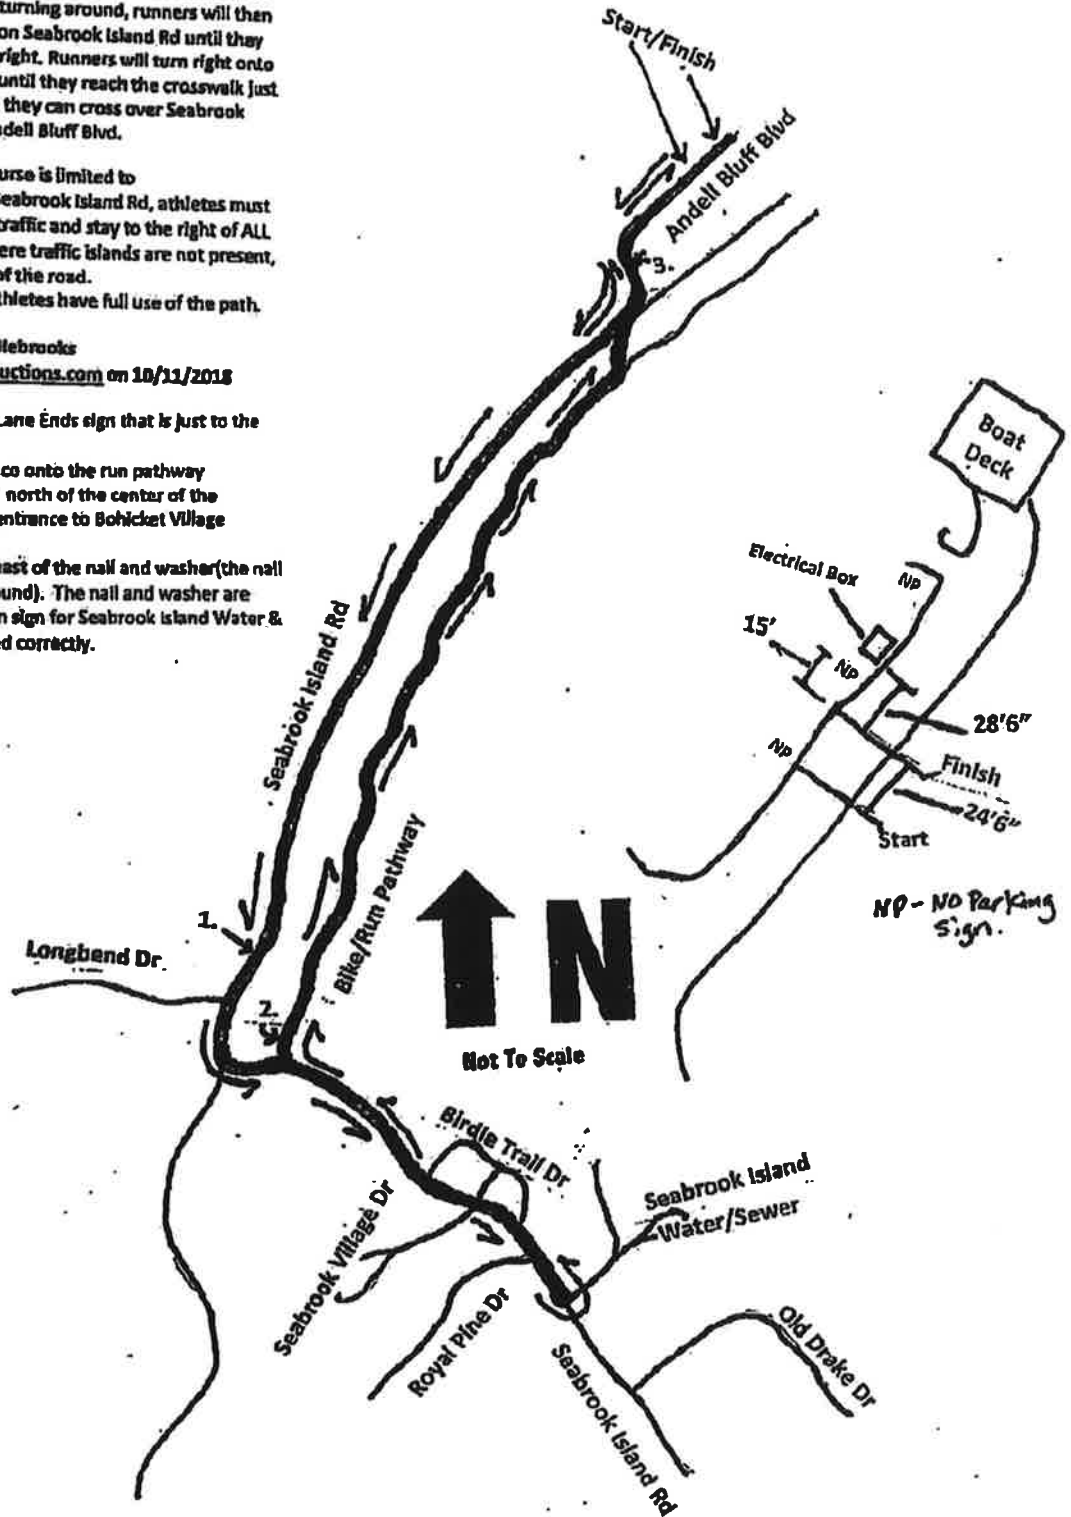

U-Turn Details:

U-turn is located 4 feet southeast of the nail and washer (the nail & washer are NOT the turn around). The nail and washer are located in line with the wooden sign for Seabrook Island Water & Sewage. U-turn MUST be placed correctly.

Start/Finish Details:

Start- 24'6" south of finish. Start is marked by a nail, washer, and a painted S. Start line is in line with the 3rd No Parking Sign from the North end of Andell Bluff Blvd.

Finish- Finish is marked with a nail, washer, and painted F. Finish is located north of the start. Finish is 28'6" south of the electrical box on the curb of Andell. Finish is also located 15" south of the 2nd No Parking Sign from the North end of Andell Bluff Blvd.

Bohicket Half Marathon

Johns Island, SC

Directions:

Starts on Andell Bluff Blvd. It is to the south of the finish (see map). Runners will head south on Andell Bluff towards Seabrook Island Rd. Turn right on Seabrook Island Rd and travel south/counter-clockwise around Seabrook Island Rd. until they reach Cat Tail Pond Rd. Turn left on Cat Tail Pond Rd then right on Haul Over Rd until they return to Seabrook Island Rd and make a left. Runners will continue on Seabrook Island Rd counter-clockwise until they reach Old Drake Rd and make a right. Runners follow Old Drake Rd until they return to Seabrook Island Rd and turn right on Seabrook. Runners follow Seabrook until the crosswalk for the pathway and turn right onto the pathway which they follow back to the crosswalk just prior to Andell Bluff Blvd. Runners will use Seabrook Island Rd to run diagonally to Andell Bluff Blvd. and make a left on Andell. They will follow Andell Bluff to the finish line.

Course Requirements:

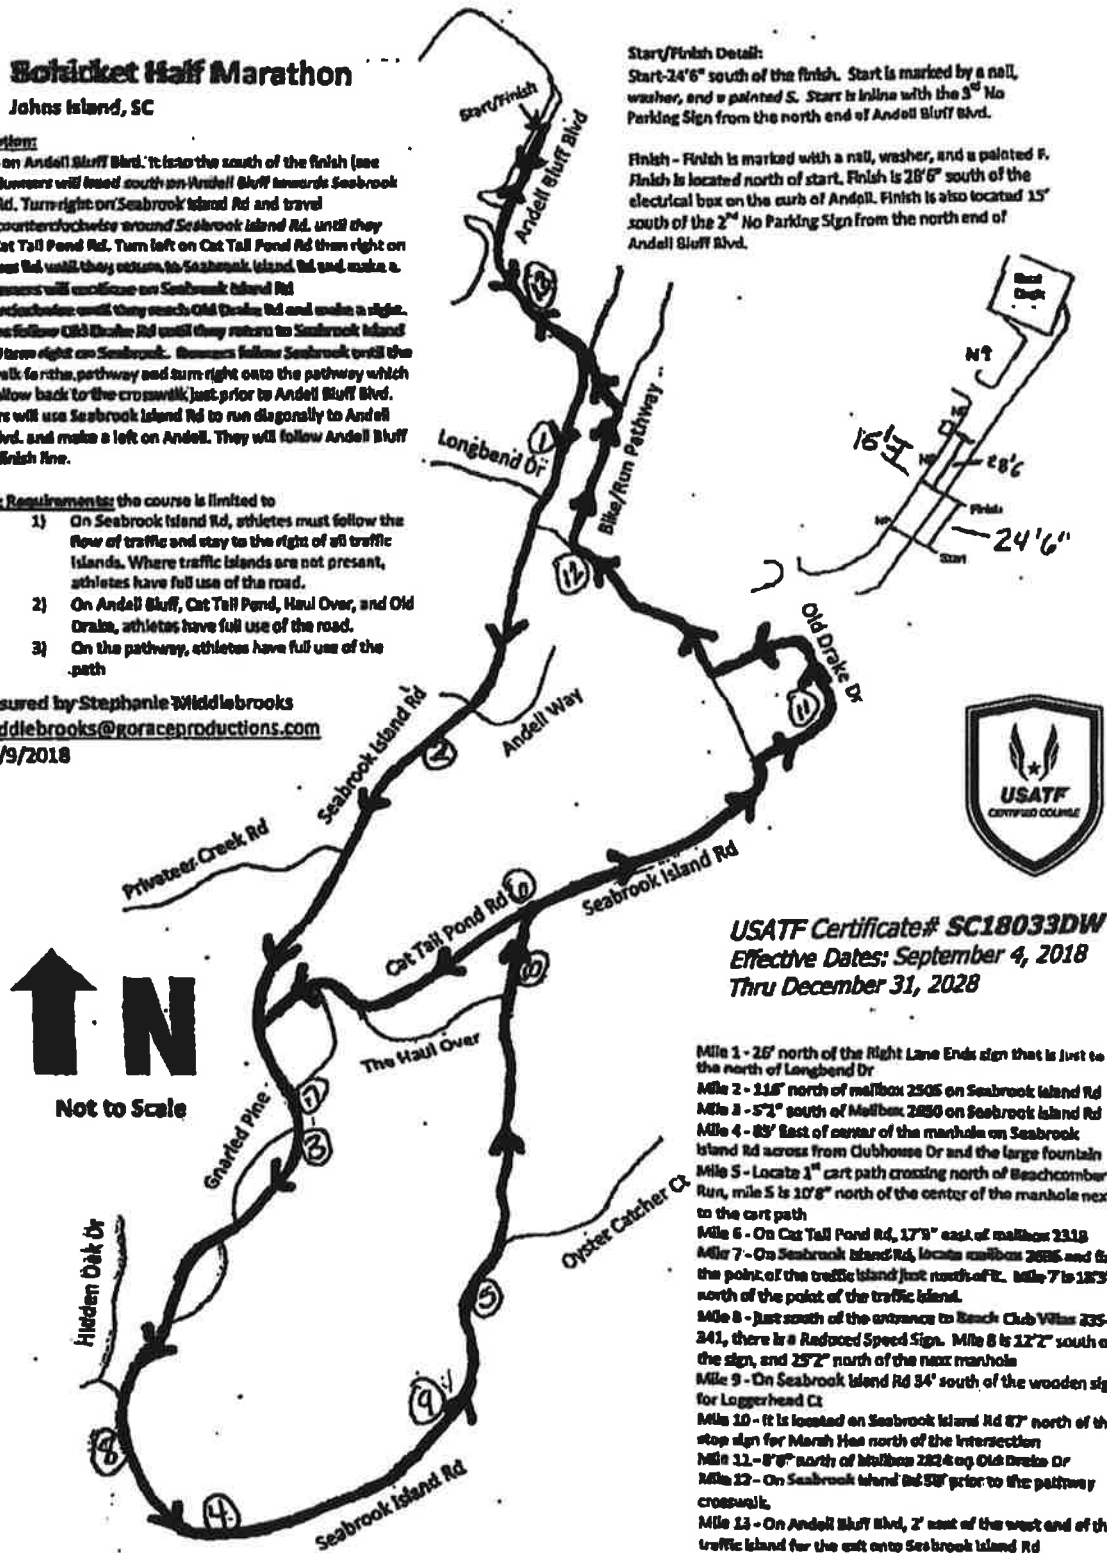

- 1) On Seabrook Island Rd, athletes must follow the flow of traffic and stay to the right of all traffic islands. Where traffic islands are not present, athletes have full use of the road.
- 2) On Andell Bluff, Cat Tail Pond, Haul Over, and Old Drake, athletes have full use of the road.
- 3) On the pathway, athletes have full use of the path.

Re: Bohicket Marina/Kiawah-Seabrook Exchange Club 5K Run and Half-Marathon

Dear Pat,

On May 17, 2020 the SIPOA Board of Directors reviewed your request to allow access through the Seabrook Island gate and use of SIPOA roads for participants in the November 21, 2020 5K Run and Half Marathon.

The run will take place between 8:00a.m. and 11:00a.m., and the routes are outlined on the forms you provided. Event security and traffic control will be provided by CCSO with SIPOA Security officers stationed at the SIPOA Gatehouse to allow runners entry to the island. Signage and water stations will be monitored by volunteer race staff.

At least 72 hours prior to the event, please provide SIPOA with a list of race volunteers who might need early access to the island to set up water stations and take positions along the route.

Very truly yours,

Heather Paton, MCM, CMCA, LSM, PCAM
Executive Director

cc: Town of Seabrook Island
P. Stagall, Security Manager
